Subject: Price survey for a Fire training Simulator change of chapter 1.1.7

Good afternoon,

A change has been made to Chapter 1.1.7, the change is in bold, underlined text and yellow highlighted, see below.

1.1.7 Variant offers

Variant offers are accepted. If participant parties will **also** turn in a variant offer, the variant offer will be evaluated based on specification in Chapter 2, and price. **Variant offers have lower priority than an offer according to the specs in Chapter 2, all offers according to specs will first be evaluated, if they are not acceptable then the variant offer will be taken into consideration.**

This announcement is accessible at the following internet site: <http://www.kefairport.is/Flytileidir/Umfelagid/Utbod/>

After the site opens, then please click on Q&A no-1

Yours Sincerely

V.K. Karlsson
